El bé, el mal i Melville

En literatura, les coses no sempre s'han presentat amb tal ambigüitat, com mostra 'Billy Bud, gabier'

No comas ajos ni cebollas, porque no saquen por el olor tu villanía: Anda despacio; habla con reposo; pero no de manera que parezca que te escuchas a ti mismo; que toda afectación es mala. Come poco y cena más poco;

que la salud de todo el cuerpo se fragua en la oficina del estómago.

Sé templado en el beber, considerando que el vino demasiado ni guarda secreto, ni cumple palabra. Ten cuenta, Sancho, de no mascar a dos carrillos, ni de erutar delante de nadie

Eat neither garlic nor onions, lest they betray thy peasant origin by their smell: Walk slowly; speak with deliberation;

but not in such a way that it seems thou art listening to thyself; for all affectation is bad. Eat little and sup less;

for the health of the whole body is forged in the office of the stomach.
